Valley Township Road Committee

Future Road Projects

- 1st Prepare to pave 44th. St. from 117th. Ave. to 118th. Ave. (.7 mile)
- 2nd . Prepare to pave 117th. Ave. from 42nd St. to 44th. St. (1 mile)
Pave same when in the area.
- 3rd. Prepare to pave 43rd. St. from Allegan Dam Rd to Monroe Rd (.1 mile)
Pave same, when in area (could be done when in area doing 1 or 2)
- 4th. Repave Taft Rd.
- 5th. Prepare and pave 36th street.. Road shared with Allegan Township.
- 6th. Prepare and pave 42nd . from Monroe to 112th. Ave.

Numbers 1, 2 and 3 surround Aspen Acres and would benefit Pine Point and help maintain or increase home values in the area and reduce money spent on dust control. Look at securing a bond to pay for work within three years.

Future 5+ years

Prepare and pave 41st. St. from M-89 to Allegan Dam Rd. Future north-south route across west side of township. Would benefit some home owners and increase property values.

Prepare and pave 42nd. St. from Allegan Dam Rd. to 112th avenue.
Would complete north-south route across west side of township.

Prepare and pave 41st street, north of 121st . (main route to Holland).

Several roads could use chip and top coating such as 121st east of M89/40 and almost all of our paved roads need gravel on the shoulders.

46th & 48th streets in northwest part of Township need water run-off's or ditching and gravel in some spots.

We should look at what John Brokus is working on as far as challenging the process in which the road commission does pricing and bids.

Suggest to County Road Commission seal coating 42nd. St from Nethercutt Point south to 112th. Ave.
