

ASPEN ACRES MINUTES

February 1, 2014

Roll Call: Present was Rob Gaunt, Chris Grimm, Ed Haist and Tonya Haist

New Business:

We discussed the current snowplowing, which really stinks. Chris was going to make some phone calls on how much we should be paying for plow service. Rob has someone coming in with a front loader to widen our snow packed snowbanks. We also discussed homeowners in Aspen Acres to do the plowing next year, provided they carry the necessary Liability Coverage. Community Watch(neighborhood watch) is still in the works, Chris's wife is working on this. We talked about putting up some laminated signs on the telephone poles until we can get new boards put up by the mailboxes, but of course we can't get to the poles. We do have someone going to build new posting boards for us. We are going to supply some of the material and put them up ourselves to lower our costs. Speed limit signs, we will be trimming some trees back in the spring. Moore road is the worst.

Respectfully Submitted,

Tonya Haist
